

1,75" Releasable Overshot

Description

The small OD on this tool makes it perfect for fishing in a Side Pocket Mandrel.

To release from the fish, jar down and shear pins inserted to match the down forces.

All components has been exposed to comprehensive testing to provide a safe controlled release of downhole equipment.

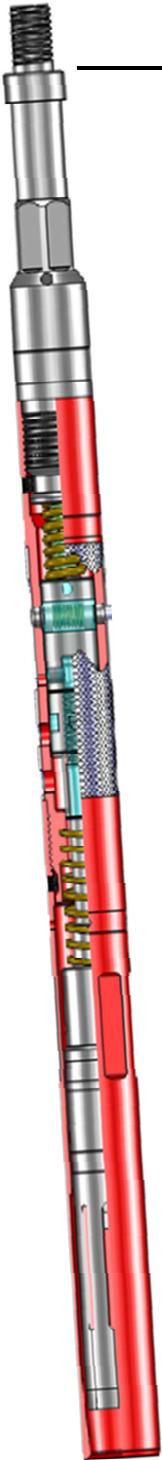

The overshot can be supplied with different grapples making it possible to engage fishes from 0,437" to 1,375"*

An adjustable core is implemented in the tool. This gives you the opportunity to adjust the reach to accommodate the fish.

***With use off grapple 1,250"-1,375", 1,875" OD housing is needed**
